# ISC Standard Pinout

Always identify proper wiring via continuity check & color when using multi-strand cables.
The calibration certificate for the device should be used as the definitive reference for custom wiring options.

Female Connector (Device)   **Male Connector (Cable)**

PIN	ISC 4-PIN
1	**Power In:** Powers the device, see the specification sheet for details.
2	**NC:** This pin is not connected to the device.
3	External Sensor Signal Input
4	**Ground:** Common ground for power, digital communications, analog signals and alarms.
